

## CURRICULUM VITAE

### Personal informations:

My name is Barbara Fink and I was born on 06.02.1976 in Waidhofen/Ybbs, in the region of Lower Austria, Austria.

I grew up in Hermagor, in the region Carinthia

### Education:

I went to primary and secondary school in Hermagor (1982-1986 and 1986-1990). After that I went to grammar school called BORG for four years.

After my A-levels (1994) I signed up for the entrance examination at the Institute for Sports Sciences in Innsbruck and after having passed the exam I started studying Sports Sciences with a special focus on the prevention of injuries.

The topic of my Master Thesis was the following: "The influence of acute hypoxia at various altitudes on the human cardiopulmonary system during exercise".

Moreover I studied (from 1998 to 2003) Geography/Economy and Physical Education at the Department of Teacher Training, University of Innsbruck.

### Working experience:

I attended a practical training for teachers at a school for Domestic Sciences specialized in Culture and Tourism.

In 2004/05 I worked as a sports teacher at the Reithmann grammar school in Innsbruck and at the Commercial College in Hall.

In 2005/06 I moved to Telfs to grammar school and Commercial College.

In 2006/07 I did not work as a teacher because of the national mountain-guide education. I only worked in a graphic arts office.

In 2007/08 I moved to Wörgl to grammar school.

In 2008/09 I moved to College of Engineering in Imst and to Telfs again to grammar school with geography-lessons at the first time.

In 2009/10 I am in Imst again.

### Additional Education:

1996/1997: Sports-youth guide

1998/1999: Instructor for Cross-country skiing and High Alpine Instructor.

1999/2000 I started the course for children and youth leader for the Austrian Alpine Association and passed the exam for Skating Instructor. That year I also passed the exam for the Austrian "Staatlicher Schilehrer" which means something like Fully Certified Austrian Ski Instructor. I passed a special exam which shortened the whole examination training course process considerably.
